

I. Leave of Absence System

1 Outline of the leave of absence system

Period of application for leave of absence	Spring semester leave of absence: February 1, 2025 to May 31, 2025 ^{※3} Fall semester leave of absence: August 1, 2025 to December 3, 2025 ^{※3}
Procedure for re-enrollment	No procedure is required as students will be automatically re-enrolled.
Timing of re-enrollment	Spring semester leave of absence: September 20, 2025 Fall semester leave of absence: April 1, 2026
Academic year at re-enrollment	Regardless of whether students take a leave of absence or not, the academic year will progress on April 1. ^{※4}
Maximum number of times a student may use the leave of absence system	Undergraduate student: 8 Graduate student in Master's Program: 4 Graduate student in Doctoral Program: 6

1. Rikkyo divides the school year into two semesters: the spring semester from April 1 to September 19 and the fall semester from September 20 to March 31 of the following year.
2. Academic year for April enrollees begins in the spring semester and continues into the subsequent fall semester. For September enrollees it begins in the fall semester and continues into the subsequent spring semester. However, if students enroll in the NEXUS program (excluding students in the College of Intercultural Communication), the student's first year will begin in the fall semester following their enrollment and include the following spring and fall semesters, and from their second year the academic year will begin with the next spring semester.
3. The periods above are for the 2025 academic year. Please note that the leave of absence schedule changes every academic year. In principle, the deadline for requesting a leave of absence is two months before the last day of the spring semester final examinations for the spring semester, and two months before the last day of the fall semester and final examinations for the fall semester.
4. For September enrollees, regardless of whether students take a leave of absence or not, the academic year will progress on September 20. However, if students enroll in the NEXUS program (excluding students in the College of Intercultural Communication), the academic year will progress on April 1 at the beginning of the spring semester which is the fourth semester of the student, regardless of any leave of absence. In and after the student's second year, regardless of whether students take a leave of absence or not, the academic year will progress on April 1.

For more information about the leave of absence system, contact Academic Affairs Office.

II. Handling of Academic Fees

For students taking a leave of absence or withdrawing from school, academic fees are handled as follows:

1. Academic fees for students taking a leave of absence

If students submit a leave of absence request and receives permission to take a leave of absence, they will be exempt from academic fees (tuition, experiment and practical training fees) excluding the semester enrollment fee for the duration of their leave of absence. Semester enrollment fees are normally included in tuition which is a part of the academic fees paid by the student. Semester enrollment fees are collected even when students take a leave of absence.

(1) Semester enrollment fee

All students are charged a semester enrollment fee as the cost of the certification, management and administration of their enrollment in the program they are enrolled in. Semester enrollment fee during leaves of absence are 120,000 yen a year (60,000 yen for each semester), and they are charged per semester during a student's leave of absence.

(2) Handling of academic fees during a leave of absence
